

# BVIT: myWebsite - quickstart guide

Last Modified on 15/06/2016 3:25 pm AEST

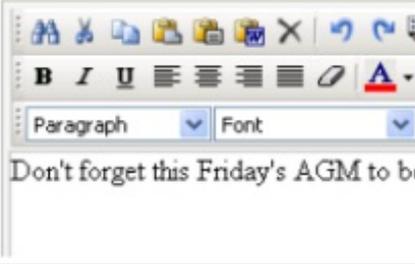

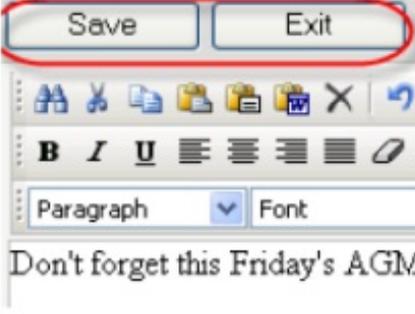

This document provides a simple tutorial of how to load a news item, image, file and update the menus. There is an extensive manual available to assist you in maintaining your website (available as a menu link when you logon), but if you are the sort of person who doesn't read manuals, this is the quick start guide to get you going. Even if you do intend to read the manual, print off these pages, following the instructions will give you a quick overview of how to maintain the system. Included in the full manual are some strategies to help you plan and launch your site. In this document, it is assumed that the URL of your site and your sport is [www.XXX.yoursport.com.au](http://www.XXX.yoursport.com.au). This could be

[www.RBYC.yachting.org.au](http://www.RBYC.yachting.org.au), or [www.Eagles.baseball.com.au](http://www.Eagles.baseball.com.au), etc.

## Logging on

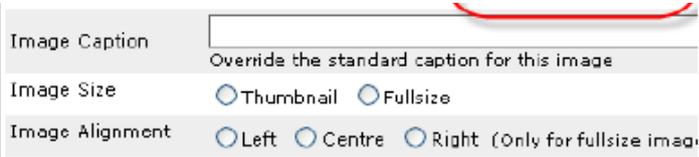

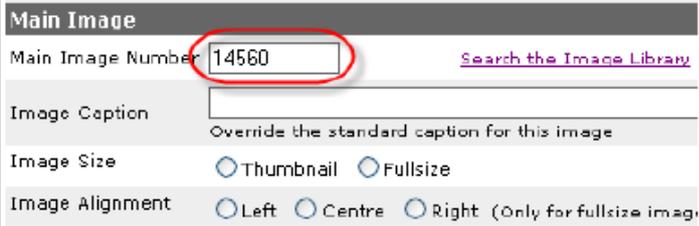

|  |   |
|--|---|
| <p>From your browser, go to <a href="http://www.XXX.yoursport.org.au/admin">www.XXX.yoursport.org.au/admin</a> (this is referred to as the Admin screen in the rest of the document)</p> |  |
| <p>Logon using the User ID / password that you used to request the website</p>   |   |

## Your first News item

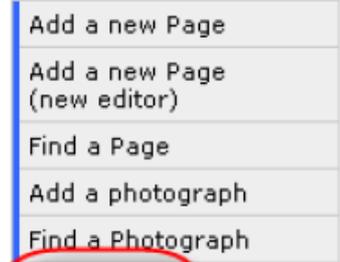

|  |   |
|--|---|
| <p>1. From the Admin screen, click on "Add a new Page" from the menu on the left hand side.</p>        |     |
| <p>2. Enter some text in the body of the page</p>  |    |
| <p>3. Scroll down and enter some text in the Headline</p>  |     |
| <p>4. Click on the Save button at the top of the screen</p>  |   |
| <p>5. Click on Exit, then Home, and your news item should be on the front page in the News section</p> |  |

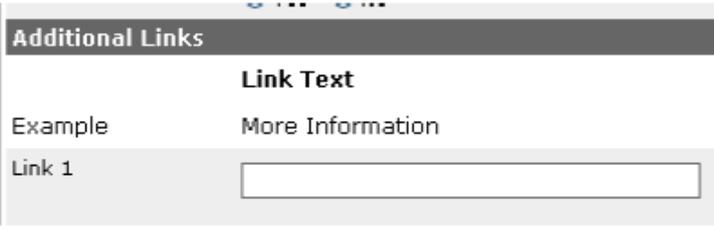

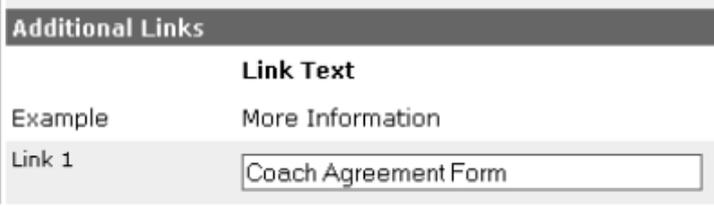

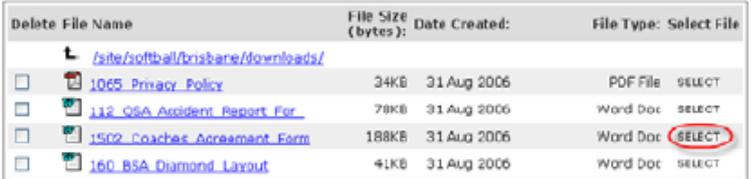

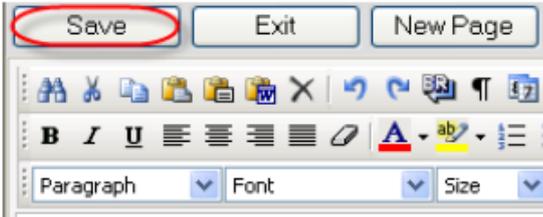

## Your first Image

|   |  |
|---|--|
| <p>From the front page of the website, click on the headline of the news item that you just entered</p>   |  |
| <p>In the top of the body of the page will be a link 'Edit Page 9999'. Click on this link and the system will open up a new window and will put you back in the editor to change your page.</p> |  |
| <p>Scroll down to find Main Image Number under the heading Main Image</p>   |  |
| <p>Click on Search the image library</p>  |  |

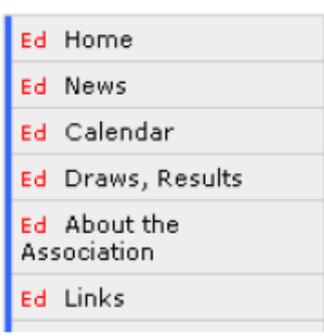

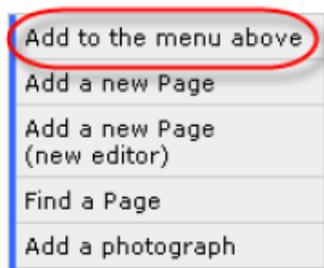

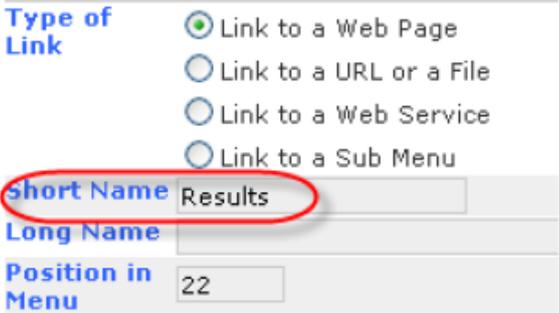

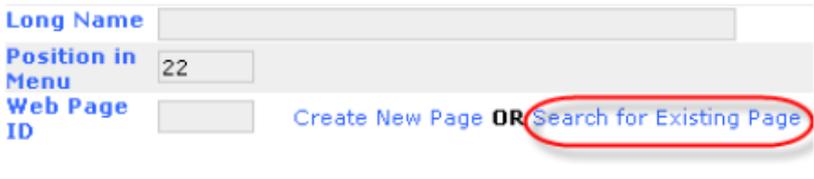

|   |  <p>Image Caption <input type="text"/> Override the standard caption for this image</p> <p>Image Size <input type="radio"/> Thumbnail <input type="radio"/> Fullsize</p> <p>Image Alignment <input type="radio"/> Left <input type="radio"/> Centre <input type="radio"/> Right (Only for fullsize image)</p>   |   |         |              |   |             |   |
|---|--|---|---------|--------------|---|-------------|---|
| <p>From the popup window, select Changed 'Today', and Site 'All' to find all the images added to the system in the last day. If none appear, increase the 'Changed' drop down (don't select too long a time!)</p>     |  <p>Changed in the last <input type="text" value="0 days (today)"/> ▾</p> <p>Site <input checked="" type="radio"/> All <input type="radio"/> Brisbane S</p>  |   |         |              |   |             |   |
| <p>Next to an image, click on the SELECT button on the right of the popup</p>   |  <table border="1"> <thead> <tr> <th>Image</th> <th>Caption</th> <th>Select Image</th> </tr> </thead> <tbody> <tr> <td></td> <td>New Sponsor</td> <td><input checked="" type="radio"/> SELECT</td> </tr> </tbody> </table>  | Image                                   | Caption | Select Image |  | New Sponsor | <input checked="" type="radio"/> SELECT |
| Image   | Caption  | Select Image                            |         |              |   |             |   |
|    | New Sponsor  | <input checked="" type="radio"/> SELECT |         |              |   |             |   |
| <p>The image number will appear in the 'Main Image Number' box on the main screen</p>   |  <p>Main Image</p> <p>Main Image Number <input type="text" value="14560"/> <a href="#">Search the Image Library</a></p> <p>Image Caption <input type="text"/> Override the standard caption for this image</p> <p>Image Size <input type="radio"/> Thumbnail <input type="radio"/> Fullsize</p> <p>Image Alignment <input type="radio"/> Left <input type="radio"/> Centre <input type="radio"/> Right (Only for fullsize image)</p> |   |         |              |   |             |   |
| <p>Click on Save, and swap back to the window that displayed your page. Click on refresh and you should have a thumbnail image in the page</p>  |  <p> <b>STREETS</b><br/>New Sponsor</p> <p><a href="#">Edit Page 13058</a>   <a href="#">Edit Tuesday, 22 August 20</a></p> <p>Mens Finals start this w <a href="#">click here</a></p>   |   |         |              |   |             |   |
| <p>To upload your own image, from the Admin Menu<sup>1</sup>, click on 'Add a photograph', and follow the prompts to upload an image. To include this image in your page, following the same directions as above.</p> |  <ul style="list-style-type: none"> <li>Add a new Page</li> <li>Add a new Page (new editor)</li> <li>Find a Page</li> <li><input checked="" type="radio"/> Add a photograph</li> <li>Find a Photograph</li> <li>File Manager</li> </ul>   |   |         |              |   |             |   |

## Upload and Link to your first File

|  |  |
|--|--|
| <p>To upload a PDF, Word document, Excel spreadsheet, or perhaps a flat HTML file produced from a PC based results program, from the Admin menu, click on File Manager</p> |  <ul style="list-style-type: none"> <li>Add a new Page</li> <li>Add a new Page (new editor)</li> <li>Find a Page</li> <li>Add a photograph</li> <li><input checked="" type="radio"/> Find a Photograph</li> </ul> |
|--|--|

|   |   |
|---|---|
|   |   |
| Click on the Browse button, find the file on your PC to upload                                      |   |
| Click on 'Upload File'  |   |
| To create a link from your page, display the page, click on the Edit Page 9999 to start the editor. | <p><b>Mens Finals</b></p> <p><a href="#">Edit Page 13058</a> <a href="#">Edit Page 13058 - New Editor</a><br/>Tuesday, 22 August 2006</p> <p>Mens Finals start this weekend 12:00pm 116 Gel</p>                                   |
| Scroll down the page in the editor and find 'Additional Links'                                      |   |
| Add in some text in the Link 1 box to describe the link   |    |
| Click on Select URL in the right hand side of the page  | <p><b>URL</b></p> <p>www.google.com</p>   |
| Find your file using the File Manager, and click on SELECT at the right of the screen               |   |
| The URL will be returned to the main editor screen  | <p><b>URL</b></p> <p>www.google.com</p> <p><a href="/site/softball/brisbane/downloads/2006/1502_Coaches_Agreement_Form">/site/softball/brisbane/downloads/2006/1502_Coaches_Agreement_Form</a><br/><a href="#">Select URL</a></p> |
| Click on Save   |   |
| Swap windows back to your main page, click on Refresh and there should be a link to the file        |   |

# Your first menu update

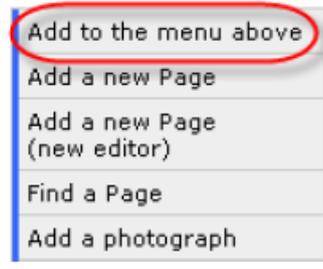

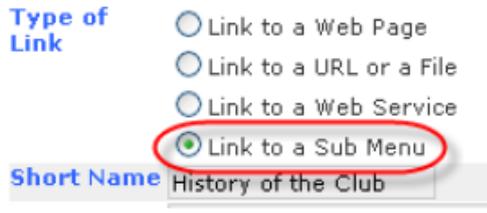

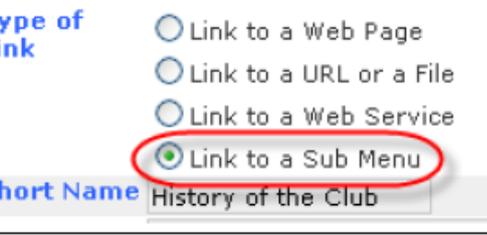

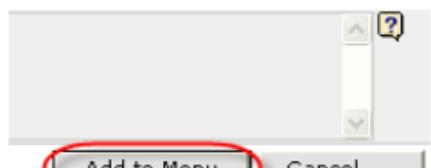

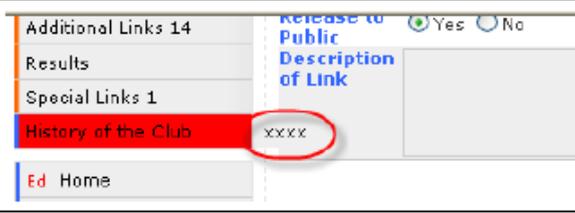

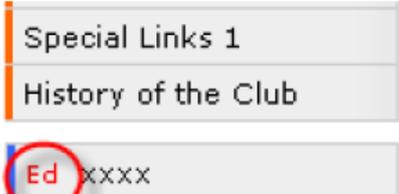

|   |   |
|---|---|
| <p>From the Admin Screen, click on Edit main menu</p>   |    |
| <p>A second "editable" copy of the main menu will be displayed on the left margin (in most templates)</p> |   |
| <p>Click on "Add to the menu above" in the menu at left</p>   |  |
| <p>Enter some text in the Short Name field</p>  |   |
| <p>Next to Web Page ID, click on Search for Existing Page</p>   |   |
| <p>In the popup window, just leave everything and click on Search</p>                                     |   |

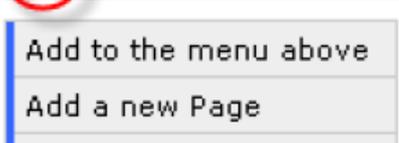

|   | <p>Enter 89" to view all 890 numbers</p> <p><input type="text"/> <input type="button" value="Search"/> <input type="button" value="Cancel"/></p>  |                 |               |              |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
|---|---|-----------------|---------------|--------------|---------|--------|------|--------|--------|-----|--------|------|--------|--------|-----|--------|------|--------|--------|-----|--------|------|--------|--------|-----|--------|
| Find the page that you created above, and click on SELECT at the right of the screen                              | <table border="1"> <thead> <tr> <th>Type of Article</th> <th>First Publish</th> <th>Last Publish</th> <th>Publish</th> <th>Action</th> </tr> </thead> <tbody> <tr> <td>News</td> <td>13 Mar</td> <td>12 Apr</td> <td>Yes</td> <td>SELECT</td> </tr> <tr> <td>News</td> <td>22 Mar</td> <td>21 Apr</td> <td>Yes</td> <td>SELECT</td> </tr> <tr> <td>News</td> <td>16 May</td> <td>15 Jun</td> <td>Yes</td> <td>SELECT</td> </tr> <tr> <td>News</td> <td>31 May</td> <td>30 Jun</td> <td>Yes</td> <td>SELECT</td> </tr> </tbody> </table> | Type of Article | First Publish | Last Publish | Publish | Action | News | 13 Mar | 12 Apr | Yes | SELECT | News | 22 Mar | 21 Apr | Yes | SELECT | News | 16 May | 15 Jun | Yes | SELECT | News | 31 May | 30 Jun | Yes | SELECT |
| Type of Article   | First Publish   | Last Publish    | Publish       | Action       |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| News  | 13 Mar  | 12 Apr          | Yes           | SELECT       |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| News  | 22 Mar  | 21 Apr          | Yes           | SELECT       |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| News  | 16 May  | 15 Jun          | Yes           | SELECT       |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| News  | 31 May  | 30 Jun          | Yes           | SELECT       |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| The page number will have appeared in the Web Page ID input box   | <p>Short Name <input type="text" value="Results"/></p> <p>Long Name <input type="text"/></p> <p>Position in Menu <input type="text" value="22"/></p> <p>Web Page ID <input type="text" value="12479"/> <a href="#">Create New Page</a></p>  |                 |               |              |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| Click on Add to Menu button   | <p><input type="button" value="Add to Menu"/> <input type="button" value="Cancel"/></p>   |                 |               |              |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| The new menu item should now be on the Main Menu  | <ul style="list-style-type: none"> <li>Additional Links 14</li> <li><b>Results</b></li> <li>Special Links 1</li> </ul>  |                 |               |              |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |
| The usual thing to do from the Main Menu is to create a 'Sub Menu' and have this 'Sub Menu' link to various pages |   |                 |               |              |         |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |      |        |        |     |        |

## Popup “sub menu”

Most websites are big enough to require menus within menus. The BvIT system uses JavaScript popup menus (see [www.canoe.org.au](http://www.canoe.org.au) and mouse over the main menu along the top). To setup a popup “sub menu” do the following:

|  |  |
|--|--|
| From the Admin Screen, click on Edit main menu                         | <ul style="list-style-type: none"> <li>List User IDs</li> <li>Edit User IDs</li> <li><b>Edit main menu</b></li> <li>Edit Site Information</li> <li>User manuals</li> </ul> |
| The main menu will be displayed on the left margin (in most templates) | <ul style="list-style-type: none"> <li>Ed Home</li> <li>Ed News</li> </ul>   |

|   |   |
|---|---|
|   |     |
| <p>Click on 'Add to the menu above' in the menu at left</p>   |    |
| <p>Next to "Type of Link" select Link to Sub Menu</p>   |     |
| <p>Enter some text in the Short Name field</p>  |    |
| <p>Click on Add to Menu</p>   |  |
| <p>Now click on Home and Refresh and your new popup menu should now be available with one dummy entry with a title of XXX.</p>        |   |
| <p>Click on the name in the main menu, e.g. "History of the Club". NOT the popup part, but the static text in the main menu.</p>      |   |
| <p>This will then display in the left menu all the items in this menu. At present there will only be one, the dummy entry of XXX.</p> |  |
| <p>Click on "Ed" link to the left of the XXX and go through the routine to edit this link to be something meaningful.</p>             |  |

|  |  |
|--|--|
|  |  |
| <p>Keep adding more items to the menu and you will see them appear on the popup menu.</p>                              |  |
| <p>You can then put further “sub menus” under this “sub menu”. There is no limit to the number of levels of menus.</p> |  |

If you followed all of that, then you understand about 90% of the system. To learn more, it is suggested that you now go back and try out the various different options at each of the steps above.
