**Q:** Why do I need to be a myRugbyLeague member to view fixtures, results & ladders?

**A:** LeagueNet, in conjunction with State Bodies and leagues, have embraced myRugbyLeague as a way of developing an online community and building stronger links to players and supporters. Your myRugbyLeague membership isn't just about viewing fixtures, results and ladders, it signals your support of the game and willingness to be a part of its growth. There's no hidden catches and it's totally free. Being a myRugbyLeague member is all about belonging to our great game.

**Q:** Who will benefit from me being a myRugbyLeague member?

**A:** You, your league, club and the game itself will benefit from your membership. Not only does your league and club get access to free websites and software to run their competitions, but (should you wish) they can now also include you in their online community, which means easier and quicker communications about the things you're interested in - Rugby League news, game details, club functions, newsletters etc.

**Q:** What if I don't want any communications?

**A:** As a myRugbyLeague member you can select what communications you want to receive, like email match reminders and club / team news, and what communications you don't want to receive. The choice is totally yours. It's up to you.

**Q:** Will I need to sign-in every time I want to view fixtures, results & ladders?

**A:** No, you will only need to put in your email address and password if you logged-out last time you visited. Most people choose to stay logged-on all the time, which will give you access to all fixtures, results and ladders right across LeagueNet whenever you want.

**Q:** Is there anything else I need to know about myRugbyLeague?

**A:** Three really important things to note; **1)** your membership details will never be sold to a third party, **2)** joining myRugbyLeague is free and only takes approximately 30 seconds, and **3)** When you join myRugbyLeague you will also receive for free your very own myRugbyLeague website page, which has loads of features and allows you to connect with other players and supporters.
